

# NON-ACID WHEEL CLEANER SDS

## SECTION 1: Identification of the substance/mixture and of the company/undertaking

Product Name on Label: PROFESSIONALS CHOICE NON-ACID WHEEL CLEANER

Other Identification:

Use of the substance/mixture: CLEANER DEGREASER

Company name : MOORE OIL COMPANY  
4033 WEST CUSTER AVE  
MILWAUKEE, WI 53209 (414) 462-3200

Emergency number: (800) 424-9300 - CHEMTREC

## SECTION 2: Hazards identification

Classification of the substance or mixture: MIXTURE

Label elements: WARNING – Causes eye irritation

Other hazards: H303 May be harmful if swallowed, H320 Causes eye irritation

P101 If medical advice is needed, have product container or label at hand

P102 Keep out of reach of children

P103 Read label before use

P202 Do not handle until all safety precautions have been read and understood

P234 Keep only in original container

P273 Avoid release to the environment

P281 Use personal protective equipment as required

P331 Do NOT induce vomiting

P301+P312 IF SWALLOWED: Call a POISON CENTER or doctor/physician if you feel unwell

P305+P351+P338 IF IN EYES: Rinse continuously with water for several minutes. Remove contact lenses if present and easy to do – continue rinsing

P410 Protect from sunlight

P501 Dispose of contents/container to in accordance with local/regional/national/international regulation.

Unknown acute toxicity (GHS-US):

## SECTION 3: Composition/information on ingredients

Mixture

NAME	PRODUCT IDENTIFIER	% BY WT
WATER	7732-18-5	TRADE SECRET
Proprietary Acid Replacement	N/A	TRADE SECRET
Proprietary Surfactant Blend	N/A	TRADE SECRET

## SECTION 4: First aid measures

Description of first aid measures

First-aid measures general	See specifics below.
First-aid measures after inhalation	If breathing is difficult or irritating, move person to

# NON-ACID WHEEL CLEANER SDS

	fresh air immediately.
First-aid measures after skin contact	Rinse area with soap and water.
First-aid measures after eye contact	Flush immediately with large amounts of clean water for a minimum of 15 minutes, lifting upper and lower lids occasionally. Do not rub eyes. If any irritation persists, seek medical attention.
First-aid measures after ingestion	Do not induce vomiting. If the person is conscious, give two glasses of water to dilute the ingested material. Follow up with several glasses of fruit juice or very dilute vinegar or carbonated soda to neutralize the alkaline material. Small amounts that may have accidentally entered the mouth should be rinsed out thoroughly with water. Seek medical attention immediately.

## SECTION 5: Fire-fighting measures

Flash Point (° F): > 212° UEL: NA LEL: NA  
Extinguishing Media: N/A  
Special Firefighting Procedures: N/A  
Unusual Fire and Explosion Hazards: None – NON-FLAMMABLE

## SECTION 6: Accidental release measures

Methods and material for containment and cleaning up: Contain large spills with dikes to prevent entry to waterways and sanitary sewers and transfer the material to appropriate containers for reclamation or disposal. Absorb/trap remaining material or small spills with inert material (dirt, sand, industrial absorbent) and then place in chemical waste containers. Flush residual spill area with large amounts of water. Dispose of all clean up materials in accordance with all applicable federal, state, and local health and environmental regulations.

## SECTION 7: Handling and storage

Precautions for safe handling: Wear proper Personal Protective Equipment when handling.  
Conditions for safe storage, including any incompatibilities: Keep away from children.

## SECTION 8: Exposure controls/personal protection

Control parameters: Local exhaust recommended.  
Exposure controls  
Hand protection: Rubber, neoprene, vinyl, nitrile, butyl or PVC coated gloves recommended.  
Eye Protection: Safety glasses or goggles recommended.

## SECTION 9: Physical and chemical properties

Physical State: Liquid	Appearance and odor: Thin, clear liquid
Boiling Point: > 212 F	Specific Gravity: 1.004
Vapor Pressure: ND	Evaporation Rate: ND
Vapor Density: ND	pH: < 2.0
Solubility in water: Soluble	Freeze Point: 32° F
V.O.C. 0.0 g/L	

# NON-ACID WHEEL CLEANER SDS

## SECTION 10: Stability and reactivity

Chemical stability: Yes.

Possibility of hazardous reactions: Will not occur.

Conditions to avoid (e.g., static discharge, shock, or vibration): None known.

Incompatible materials: None known.

Hazardous decomposition products: Carbon Monoxide and other hazardous chemicals.

## SECTION 11: Toxicological information

Inhalation: Unknown

Skin Contact: Skin irritation

Eye Contact: Eye irritation

Ingestion: Unknown

Chronic Toxicity: No information available

Carcinogenicity: Product is not listed

Hazard Type: Skin/Eye irritant

## SECTION 12: Ecological information

Ecotoxicity effects – No information available

Chemical Fate – This surfactant complies with the biodegradability criteria as laid down in Regulation (EC) No. 648/2004 on detergents.

## SECTION 13: Disposal considerations

Dispose of in accordance with local, state, and federal regulations.

Dispose of waste product in a permitted industrial waste facility. As a disposal alternative, incinerate in a permitted waste incineration facility. Proper destruction may require the use of additional fuel during incineration processes. Empty and clean product containers may be disposed as nonhazardous waste. Consult your specific regulations and service providers to determine available options and requirements. Use material for its intended purpose or recycle if possible. This material, if it must be discarded, may meet the criteria of a hazardous waste as defined by US EPA under RCRA (40 CFR 261) or other State and local regulations. Measurement of certain physical properties and analysis for regulated components may be necessary to make a correct determination. If this material is classified as a hazardous waste, federal law requires disposal at a licensed hazardous waste disposal facility.

Product: Do not dispose of waste into sewer. Do not contaminate ponds, waterways or ditches with chemical or used container. Send to a licensed waste management company.

Contaminated packaging: Empty remaining contents. Dispose of as unused product. Do not re-use empty containers.

## SECTION 14: Transport information

DOT Transportation Data (49 CFR 172.101):

This product is classified as a Non-Regulated material with regards to shipping over the road.

This is based on an exemption in the DOT protocols, Section 173.154 Exceptions for Class 8 (corrosive materials), Item (d) Materials corrosive to aluminum and steel only. Item (d) states that "Except for a hazardous substance or a hazardous waste, a material classed as a Class 8, Packing Group III, material solely because of its corrosive effect – (1) On aluminum is not subject to any other requirements of this subchapter when transported by motor vehicle or rail car in a packaging constructed of materials that will not react dangerously with or be degraded by the corrosive material". The raw materials used in this product passed both the 1020 carbon steel and skin test and is still classified as a DOT Non Regulated

# NON-ACID WHEEL CLEANER SDS

material even though it failed the aluminum test protocol. Note: The DOT test protocols only indicate how a material can be shipped via ground transportation and applies to the U.S. only. This exemption does not apply to air and marine shipments.

This product is not classified as dangerous under the transport regulations for road, rail, sea, or air transport.

UN Number: None allocated

UN Shipping Name: None allocated

Class & Subsidiary risk: None allocated. Not Hazardous

Packing Group: None allocated

Special Precautions for user: None.

Hazchem code: None allocated.

## SECTION 15: Regulatory information

U.S. Federal Regulations –

SARA 313 toxic chemical notification and release reporting: No products were found.

Clean Water Act (CWA) 307: No products were found.

Clean Water Act (CWA) 311: No products were found.

Clean Air Act (CAA) 112 regulated toxic substances: No products were found.

All Components of this product are listed or exempt from listing on TSCA Inventory.

State Regulations – California Prop 65: No products were found.

## SECTION 16: Other information

The information in this Safety Sheet was obtained from sources which we believe are reliable. HOWEVER, THE INFORMATION IS PROVIDED WITHOUT ANY WARRANTY, EXPRESS OR IMPLIED, REGARDING ITS CORRECTNESS. The conditions or methods of handling, storage, use and disposal of the product are beyond our control and may be beyond our knowledge. FOR THIS AND OTHER REASONS, WE DO NOT ASSUME RESPONSIBILITY AND EXPRESSLY DISCLAIM LIABILITY FOR LOSS, DAMAGE OR EXPENSE ARISING OUT OF OR IN ANY WAY CONNECTED WITH THE HANDLING, STORAGE, USE OR DISPOSAL OF THE PRODUCT. This safety sheet was prepared and is to be used only for this product. If the product is used as a component in another product, this safety sheet information may not be applicable.
